REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art fails to teach, disclose, or suggest, either alone or in combination, the steps of crystallizing an amorphous semiconductor film from a first element added region and a second metal element added region in parallel to the substrate to form a first crystalline portion and a second crystalline portion, respectively; patterning the first crystalline portion to form an active semiconductor island while the second crystalline portion is not used to form any active semiconductor island; wherein the second crystalline semiconductor region is located between the crystalline semiconductor island and the second metal element added region or at a peripheral edge of the functional array of semiconductor islands, or extends along an entire length of the second metal element added region, as instantly claimed, and in combination with the additional method steps.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
